Art Unit: 3712

The use of the trademark "Frisbee" is noted in this application; it should be capitalized and accompanied by a generic description.

Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is not permissible to use trademarks in the claims, because the manufacturer may change the nature of the product without changing the name, thus changing the scope of the claim.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Chen 5,868,597.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
